

D-4100 - 4*100 watt @ 4ohm, D-class Audio Amplifier Board

- 4CH D Class AMP
- 100W 4CH (4 Ω)
- 150W 4CH (2 Ω)
- Full bridge output
- Supply Voltage (6V - 26V DC , max 30V DC)
- Protection (thermal, over load)
- Intergrated heatsink, complete module ready for use
- Analog signal input via RCA/phono connector or via connector block.
- High Power efficiency up to 90% (2CH OUT at 30W)
- No ON/OFF POP Noise (Sleep, Mute)
- Dimensions 140 x 140 mm / 5,7" x 5,7"
- Weight 560g / 20 OZ
- Operating Environment Temperature Range: 0~+55 $^{\circ}\text{C}$
- Storage Environment Temperature Range:-25~+85 $^{\circ}\text{C}$.
- All Audio Amplifier Boards were tested for over 12 hours before shipping.
- GND should be connected to GND or the housing of your case
